EXPERIENCE LASER. *EXPERIENCE ITALY.*

Learn how to use laser technology in dentistry in one of the most beautiful countries in the world. Master Class Academy training will give you important knowledge for your medical profession, with the latest clinical information available. At the same time you'll have the opportunity to visit the world's greatest treasure of art, Italy: spectacular cities, a rich cultural heritage, mild climate and delicious authentic cuisine.

Master Class Academy offers special travel and training packages for groups or individuals that wish to take the opportunity to learn more about laser dentistry alongside a day of tourism.

Here's our proposal:

- day 1: arrival and transfer to hotel in Vicenza
- day 2: training course at Master Class Academy  
Gala dinner
- day 3: visit to Venice or Verona. Departure.
